

Beverly

Today we went to Beverly at 10am by van. When we arrived, we visited the town by our own for 1h30.

Then we went to the city hall to meet the mayor, Mike Cahill. He talked about soccer because he loves that, his favorite team is "les bleus", the French national team. He is very kind and he even spoke in French.

When he finished speaking, he suggested we could go visit the fire station. There we met some firefighters. One of them showed us how to put on his gear: his fireproof jacket, his pants, his mask, his helmet, and his gloves.

Next, we took a picture of our group with the chief, some firefighters and the mayor in front of their new fire engine.

Suddenly, they had to go!

We went back to the city hall for lunch because it was raining. We ate in the city council chamber, and we walked back to school.
